MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Call from [REDACTED]

STAT

1. At 1125 on 18 November, I had a telephone call from [REDACTED]
[REDACTED] She called on my public telephone number

STAT

2. She was lodging a complaint against the activities of the FBI, the CIA and the Roman Catholic Church to harass her, open her mail, monitor her telephone calls, flights of airplanes over her house to keep track of her. She is 70 years old and a graduate of Vassar College.

3. She sounded, in fact, like a very well-educated woman with a very strong and prejudiced view about possible governmental interference in her personal affairs.

4. I politely suggested that she write to the Intelligence Oversight Board to register her complaint because it was clearly more to her interest to have someone investigate the CIA other than myself. I asked her to write down the name and address of the Intelligence Oversight Board and she did so.

5. Our conversation was amicable and she concluded by saying that I sounded like far too nice a person to head the CIA!
